

## Summer 1

**Learning Focus:** To say number names in order to 20 and beyond

By the end of this half term, children should know the following facts. The aim is for them to recall these facts instantly.

### Key Vocabulary

Children should be able to start at one and then count on:

**0, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20** and beyond

Children should be able to start from any given number (1-20) and count on or back from it:

**5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20** and beyond and **5, 4, 3, 2, 1, 0**

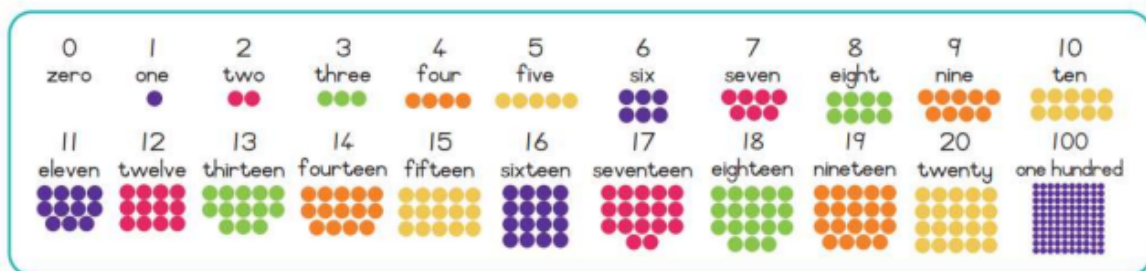

Ask them to count a set of objectives and touch them as they count. Check they can say one number for one object.

- Count
- Forwards
- Backwards
- More
- Less
- One more
- Same as
- One less
- Before
- After
- Greater than
- Less than
- Equal to

## Getting Started

The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You do not need to practise them all at once; perhaps you could have a fact of the day. If you would like more ideas, please speak to your child's teacher.

## Suggested Activities

- [Super Simple Songs: Counting up to 20](#)
- [Super Simple Songs: Count Along with the Roundabouts!](#)
- [The Singing Walrus: Number song 1-20 for Children](#)
- [Scratch Garden: The Counting Down from 20 Song](#)
- [YouTube: Count Back from 20 with the Count Back Cat](#)
- [The Singing Walrus: Count to 100 Song](#)
- [YouTube: Let's Count to 100 with Finny the Shark](#)
- **Use practical resources** - Your child has some Lego bricks in front of them. Can they touch count them up to 20 and beyond? Can they make a tower from a given number of bricks? Can they say what one more and one less is? Can they use real life objects to create 20, e.g. 10 biscuits + 10 biscuits = 20 biscuits
- **Make a poster** - Showing different numbers of objects up to 20 and beyond
